

TRUMA

The Future inspired by Tradition

Truma is Europe's leading comfort specialist and system supplier for the mobile leisure sector. This traditional company offers "more comfort on the move" and a comprehensive product portfolio in the fields of heating systems, air conditioning systems, LP and power supplies, and water comfort. The headquarters and production site are located near Munich, Germany.

The family-owned company was founded in 1949. Its name Truma was inspired by the former US president Harry S. Truman. The brand stands for reliability, quality, competence and functionality. Just about every camper in Europe knows the Truma brand.

LevelCheck

MAKES YOUR LIFE EASIER

DETECTS THE FILLING LEVEL OF YOUR LP CYLINDERS

The practical LevelCheck uses LEDs for quick and reliable indication of whether there is liquid gas in the measured area. The measuring device is simply placed against the LP cylinder in a horizontal position.

Product benefits:

- **Easy handling**
- **For all steel and aluminium LP gas cylinders with a diameter of 7.9 to 13.8 in / 200 to 350 mm**
- **Reliable measurement using ultrasound**
- **With integrated LED flashlight**

Not for plastic cylinders, butane cylinders, LP tanks or refillable tank LP cylinders

APPLICATION FIELDS

- **Camping**
- **Barbecue**
- **Outdoor heating**
- **and much more**

Tip:

In order to obtain reliable measurement, clean the measuring head regularly with a damp cloth (without a detergent).
